

April Taylor Receives Award Of Appreciation From 278th

Following her Saturday February 11 performance in Bristol, VA for members of Troop F 2/278 RCT and their families, event organizers surprised Plateau Music artist April Taylor with a special award. The award commemorated her support and service to members of military and to their families during Operation Iraqi Freedom.

"I am so thrilled that my music has touched so many people," says Taylor. "It has blessed me as well. It has given me such a great opportunity to be with and perform for so many soldiers and their families across the country in the past year."

"All My Love", the second release from Taylor's debut CD *I Wanna Live Like That* ships to radio in March.
